AAMA/WDMA/CSA 101/I.S.2/A440-08 "NAFS North American Fenestration Standard/
Specification for windows and AAMA/WDMA/CSA 101/I.S.2/A440S1-09

MADE IN CANADA

style

Stronger profiles and glazing systems allow for a greater glass to frame ratio.
More glass and less frame equal more light and a sleek modern design.

strength

ROBUST MULTICHAMBER DESIGN

Thicker interior walls and 14 gauge steel reinforcing, combine to provide superior strength and durability.

DOUBLE 14 GAUGE STEEL IN HEADER

Three track system allows for independent sash travel, which in turn creates a egress that meets legal emergency fire codes.

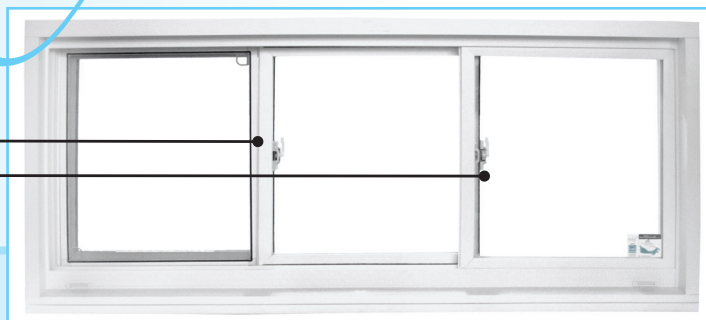

safety

security

Double positive action cam locks, supported by a secondary security lock ensure maximum resistance against forced entry.

DOUBLE POSITIVE CAM LOCKS

CLOSED AND LOCKED POSITION

FULL EGRESS POSITION

VENTING POSITION
